This path is full of ups and downs. Start in Ajdovščina by taking the serpentine road and ascendin Col along the former Roman road which used to connect Aquilea and Ljubljana in Roman times. Having arrived at Col, turn towards Predmeja and Cycle through the villages of Gozd, Kovk and Otlica. This is the Karst environment featuring many sinkholes, abysses and caves. The unique nature dictates the way of life for those people who decided to built their home here. It is well known that houses at Gora boast the most beautiful flowers. When you arrive at Predmeja along the dynamic road and through stone dug-out tunnels, it will take you just a few minutes to ascend back to the valley.
